DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 08/07/2008 has been entered.

Response to Amendment

2. Applicant's amendment filed on 08/07/2008 has been entered:

- Claims 31 has been amended;
- Claims 1-24 and 39-44 have been previously cancelled; and
- New claims 45-49 have been added.

Claims 25-38 and 45-49 are pending in this application, with claims 28 and 31 being independent.

Examiner's Amendment

3. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

4. Authorization for this examiner's amendment was given in a telephone interview with Gregory J. Adams (Reg. No. 44,494) on 8/13/2008.

The application has been amended as follows:

Claims

5. Claim 45, line 3, delete "page 5, lines 15-17, page 7, 1-5 and elsewhere".
6. Claim 46, line 3, delete "page 5, lines 15-17 and elsewhere".

Reasons for Allowance

7. Claims 25-38 and 45-49 are allowed.
8. The following is the examiner's statement of reasons for allowance:
9. Claims 28 and 31 are allowable because the prior art fails to show or teach a lighting device having plural (first, second and third) light emitting diodes (LEDs) and (first and second) lenses, wherein the first and second lenses are supported by a cover and arranged in light paths of first and second LEDs respectively, a light path of the third LED projects through a region of the cover disposed between the first and second lenses, and:
 - the first and second lenses are tilting lenses (claim 28); or
 - a center of the first lens is arranged in a central axis of the light path of the first LED, and a center of the second lens is arranged in a central axis of the light path of the second LED (claim 31).
10. Claims 25-27, 29-30, 32-38 and 45-49 are allowed because of their dependency upon independent claims 28 or 31.
11. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
